Lew's® BB1 INSHORE SPEED SPOOL®

IS1H, IS1SH

Speed Spool Bait Cast reels are designed to be Lighter, Faster and Stronger

Driven by innovation – Fueled with Passion
Feel the Difference!

Performance – Right out of the Box!
Our new BB1 Inshore baitcast reel by Lew’s® is designed for performance and functionality. From the way it conforms to your hand, to the way it reacts crisply and effortlessly to your command, you'll know the minute you grab onto the Speed Spool® that you've got a quality reel.

Your Speed Spool® reel exploits several new developments which will allow you to set yourself apart from the competition.

One-piece Die Cast Aluminum Frame and Gear Side Plate
Your Speed Spool® reel utilizes a one-piece all aluminum frame and gear side plate. So you'll never have to worry about frame or gears twisting or torquing.

Lightweight Machined Aluminum Spool
The spool on your Lew's® reel has been engineered to maximize casting distance. Double anodized to withstand oxidation and abrasion, this lightweight machined forged U shaped large capacity aluminum spool will allow you to propel your lure farther than the competition - and you'll have a greater degree of control with less standing between you and the fish.

Zero Anti-Reverse Bearing
The handle on your Speed Spool® will only rotate forward for rock solid hook setting power. When you release the handle it will hold its position because of anti-reverse bearings, never losing an inch on your catch; an invaluable property to have when you're pullin it in.

Multi-Setting Braking System
In order to combat backlash after a cast your Speed Spool® reel is furnished with both a centrifugal brake system and an externally adjustable magnetic brake system. As the spool accelerates it experiences magnetic resistance as well as friction by four internal brake shoes which slide outwards when engaged. You can control the magnetic brake with a dial on the palming side-plate. To disengage individual brake shoes remove the palming side-plate. The four brake shoes are housed within a disk attached to the spool assembly. When disengaged the brake shoes remain stationary when the spool spins and do not inflict friction on the spool.

Bowed 95mm Aluminum Cranking Handle
Our 95mm bowed aluminum cranking handle will give you all the cranking power you need. The Lew’s custom Soft Touch contoured paddle is an added bonus known for its comfortable fit and ease for all day fishing.

FEATURES:
- Diecast Aluminum Frame and Gear Sideplate
- Deep Forged Aluminum, Double Anodized Braid Ready, U Shaped Spool
- Dual braking both an externally adjustable 
  Multi-Setting Brake plus an internal, 4-Pin on/off centrifugal brake
- Zero-Reverse One-way Clutch
- 8 Stainless Steel Bearing System, Including 3 High Quality Anti-Rust Ball Bearings in Key Locations
- High Strength Brass Gears
- Stainless Steel Crank Shaft
- 14 lb Max Drag
- 160 yds/12 lb
- 95mm Bowed Aluminum Cranking Handle
- Lew’s® Rubber Paddle Handle Knobs
Lew's offers a One Year Limited Warranty on its products to withstand normal use for the purpose intended and is made only to the original retail consumer. Lew's will not provide a repair or replace Lew's products when required for the warranty period and return the product to the owner at no additional cost to the owner.

Numerous products have been manufactured under variations of the Lew's name and the Lew's logo copy by multiple businesses over the past 50 years. This warranty is specifically for products manufactured on behalf of Lew's by Springfield, Missouri USA since January 1, 2010. Lew's products, manufactured by or on behalf of other entities prior to January 1, 2010 are not covered by this warranty. In all circumstances, this warranty is limited to the original retail value of the product and is limited to actual damage to the Lew's product and only the Lew's product. Loss of a product, and loss/damage of a product or parts to the attempted repair or servicing of a Lew's product by any person or business other than Lew's or Lew's Authorized Warranty Service Agent, and damage caused by or resulting from abuse, misuse, maintenance, accident, acts of God, and shipping damages occurring in transit to Lew's or Lew's Authorized Agent are outside the scope of Lew's Limited Warranty and will be repaired through Lew's after warranty services at the expense of the consumer. Any products replaced by Lew's will be new or remanufactured by a Lew's Authorized Agent with the same or next model upgrade product. Lew's will return warranted products to the consumer determined by Lew's. Express or expedited services are the responsibility of the consumer as is sending the product to Lew's or Lew's Authorized Agent, for warranty service. Lew's and Lew's Service Agents as authorized by Lew's are the sole agents authorized to repair or replace Lew's products under the terms of this warranty. Only written changes by an officer of Lew's can alter the terms or conditions of this warranty.

This warranty gives you specific legal rights including additional rights extended by some states which do not allow certain exclusions and limitations. Any action brought against Lew's for the purpose of setting a warranty dispute shall be brought and litigated in the State of Missouri, County of Greene.
