Performance – Right out of the Box!

Our new Speed Spool LFS baitcast reel by Lew’s® is designed for performance and functionality. From the way it conforms to your hand, to the way it reacts crisply and effortlessly to your command, you’ll know the minute you grab onto the Speed Spool® that you’ve got a quality reel.

High Strength Aluminum Gearing
The drive gear, crankshaft, and worm shaft are made of high strength aluminum for increased strength and durability. In addition to these advantages, aluminum provides exceptionally low friction to enhance efficiency.

One-piece Die Cast Magnesium Frame
Your Speed Spool® reel utilizes a one-piece all magnesium frame. So you’ll never have to worry about frame twisting or torquing.

Double Anodized Duralumin U-spool
The spool on your Lew’s® reel has been engineered to maximize casting distance. Double anodized to withstand oxidation and abrasion, this lightweight machined forged U-shaped duralumin spool will allow you to propel your lure farther than the competition - and you’ll have a greater degree of control with less standing between you and the fish.

Zero-Reverse Anti-Reverse Bearing
The handle on your Speed Spool® reel will only rotate forward for rock solid hook setting. When you release the handle it will hold its position because of Anti-Reverse bearings, never losing an inch on your catch; an invaluable property to have when you’re pulling it in.

Externally Adjustable Centrifugal Brake System
The SpeedCast® Adjustable Centrifugal Brake System delivers an extreme range of braking power from free spool to maximum by simply clicking its external dial to choose among 27 variable settings. The Team Lew’s® MgF Speed Spool puts you in control of your casts, perfectly aligning brake power to lure size. With this system you will have more casting control over light lures, while maximizing casting distance with all lures.

Cast Control System/Speed Dial
A second feature exits to prevent backlash, the Cast Control System. An adjustment knob is found next to the star drag. The function saddles the spool shaft with steady pressure in order to stabilize spool speed.

To calibrate the system reel your lure in until it rests on the tip of the rod, then tighten the knob until tight. Depress the thumb bar, and holding the rod horizontally loosen the knob slowly until the lure begins to descend. The spool should continue to spin after the lure contacts the ground, but should not complete more than one full rotation. If the spool does not continue to spin, the knob is to tightly. If the spool completes more than one rotation, the knob is to loose. Repeat until you have achieved the desired results.

To set your Speed Dial, simply insert thumbnail or small coin in slot located in the center of the Speed Dial and turn the arrow marked M/B(mono or braid) of F (fluorocarbon) to the desired line rating number.

Bowed 85mm Carbon Fiber Handle
Our 85mm bowed carbon fiber handle will give you all the cranking power you need. The Lew’s® custom duracork/EVA contoured paddle is an added bonus and will provide comfortable fit and ease for all day fishing.

Included with the Team Lew’s® MgF are two reel foot shields. These will reduce wear on the reel foot from the reel seat.

INSTRUCTIONS:
1. Fold over the two side tabs marked A
2. Fold over the bottom tab marked B
3. Repeat on the other side of reel foot

Exclusice SpeedKeeper Hook Keeper

Innovative Line Recognition Speed Dial
Your Speed Spool® reel features a convenient line indicator dial on the spool's tension knob. Quickly recognize what line type and line weight you have loaded on your reel.

FEATURES:
- Exclusice Speed Keeper Hook Keeper (pat. pend.)
- One-piece diecast magnesium frame
- Aircraft grade machined duralumin double anodized 32 hole U-spool
- SpeedCast® externally adjustable Centrifugal Brake System
- Rugged carbon composite drag system - provides up to 14 lbs. of drag power
- Ti coated zirconia line guide
- 85mm bowed carbon handle with duracork/EVA paddle shaped knobs
- External lube port
One Year Limited Warranty

Lew's® Warrants its products to withstand normal use for the purpose designed and intended when manufactured for a period of one (1) year from the original retail sale date to the original retail consumer. Lew's will, at its option, repair or replace any Lew's® products when required for the warranty period and return the product at no additional cost to the owner.

Numerous products have been manufactured under variations of the Lew's® name and under the Lew's® Logo by multiple businesses over the past 50 years. This warranty is specific for products manufactured on behalf of Lew's® of Springfield, Missouri USA since January 1, 2010. Lew's® products manufactured by or on behalf of other entities prior to January 1, 2010 are not covered by this warranty. In all circumstances, this Warranty is Limited in Value to the original retail value of the product and is limited to actual damage to the Lew's® product and only the Lew's® product. Loss of a product, and loss/damage of a product or parts due to the attempted repair or servicing of a Lew's® product by any person or business other than Lew's® or Lew's® Authorized Warranty Service Agent, and damage caused by or resulting from abuse, misuse, lack of recommended maintenance, accident, acts of God, and shipping damages occurring in transit to Lew's® or Lew's® Authorized Agent are outside the scope of Lew's® Limited Warranty and will be repaired through Lew's® after warranty service at the expense of the consumer. Any products replaced by Lew's® will be new or remanufactured by a Lew's® Authorized Agent with same or next model upgrade product. Lew's® will return warranted products to the consumer by reasonable means as determined by Lew's®. Express or expedited services are the responsibility of the consumer as is sending the product to Lew's® Authorized Agent, for Warranty Service. Lew's® and Lew's® Service Agents as authorized by Lew's® are the sole agents authorized to repair or replace Lew's® products under the terms of this warranty. Only written changes by an officer of Lew's® can alter the terms or conditions of the warranty.

This warranty gives you specific legal rights including additional rights extended by some states which do not allow certain exclusions and limitations. Any action brought against Lew's® for the purpose of setting a warranty dispute shall be brought and litigated in the State of Missouri, County of Greene.
